

Project Catalyst Closeout Report

Name of project and Project URL on IdeaScale/Fund:

OpShin Education - Free Educational Videos about Python Smart Contracts

<https://milestones.projectcatalyst.io/projects/1000143>

<https://projectcatalyst.io/funds/10/osde-open-source-dev-ecosystem/opshin-education-free-educational-videos-about-python-smart-contracts>

Your Project Number: 1000143

Name of project manager: Niels Mündler aka nielstron

Date project started: Oct 8 2023

Date project completed: May 28 2026

List of challenge KPIs and how the project addressed them:

- The educational content has further led to the increased usage of the project by increasing communication in project channels by 52%
- The educational content has contributed to growing the ecosystem and produced significant traffic through the shared videos and generated interaction with third party accounts on Twitter and Discord

List of project KPIs and how the project addressed them

- Newly released content in the OpShin pioneer program:
 - 10 weeks of content with accompanying videos, homework, and solutions
 - Additionally: Content about Plutus and Marlowe smart contracts, their comparison to OpShin
- All of this content was added due to this project

Key achievements (in particular around collaboration and engagement)

- New videos and user feedback
- Collaboration with community developers in reviewing and discussing the homework for the OpShin pioneer program
- Major learnings for all attendees

Key learnings

- Some content required significantly more effort to be resolved than others. This lead to a huge delay towards the end of the project where additional content production lagged behind significantly. We will include more leeway in future production.
- Key features around usability are often neglected and overlooked in community tools but crucial for adoption

Next steps for the product or service developed

- The content needs to be updated to the latest version of the OpShin language
- The content can be extended to cover the latest iteration of the Plutus Pioneer Program

Final thoughts/comments

- We are deeply grateful for Project Catalyst to enable this amazing development progress on a project close to our hearts. This project truly brings a lot of value to the space and this will surely be felt by many.
